

Your broadband network provider.

Please note: The OPENetworks & LBNC Co brands are now part of Opticomm

Opticomm builds and maintains the wholesale network that connects you to the internet.

To choose a phone and/or internet plan that suits your needs, speak to one of many available service providers today.

A world-class fibre network that's built on better®

Not all fibre is created equal. In fact, Opticomm's network not only delivers superfast speeds, it's also built on next-generation technology, designed to keep pace with change. We chose Opticomm so that you could get the benefits of a network that's built for tomorrow – today.

Better speeds

Get immediate access to speeds up to 1Gbps.[^] Opticomm's network is built to support multi-gigabit speeds and scale with growing demand.

Better choice

Enjoy the freedom to choose from a wide range of phone and internet providers.* So now you can shop around for the perfect plan to suit your needs and budget.

Better connectivity

Relax with increased bandwidth that delivers a reliable connection. Now more people can use more devices more of the time, with less dropouts and lag.

[^]Speeds of 1Gbps are subject to service provider availability. *Some service providers may not operate in your state or territory. We recommend you contact your preferred service provider to identify whether they may service your area.

Visit [opticomm.com.au/connect](https://www.opticomm.com.au/connect) to choose a service provider that suits your needs or call us on **1300 137 800**.

Mon-Fri 8:00am - 8:00pm AEST | Sat 9:00am - 1:00pm AEST

Opticomm is the wholesale infrastructure brand of Uniti Group Limited. The Opticomm brand launched in 2005, as a Licensed Carrier and wholesale network infrastructure operator, Opticomm has been connecting smart communities Australia-wide since 2007.
